

Nosna LP nakoniec tato:

<https://kontentino-gpt-landing-waitlist-production.up.railway.app/> (Marekovi sa paci viac)

Kopirujem cele pripomienky od Mareka (vysvetlil mi ich na calle, tak dopisem k nim poznámky)

- paci sa mi cati **Why Social Media Planner?** /// jasne hovoria value
- kontentino cast treba asi loga a velkoho ztiahnut z webu lbo texty miesto log vyzeraju unprofesionall
- wave 1 beta je super.!!! aj s why join

How Social Media Planner works

- 1) vieme k tym 3 bocxikom daprvit video?
- 2) dovtedy kym nemame 1) connect brand, mozme 3 rozdelit na approve a. na schedule

Who is Social Media Planner for

- toto sa mi zda slabe. neviem preco. aj v tej slacku. diskusi sa mi to zdalo silnejsie....
- a obrazky su mimo. ak mozeme pouzit inak dajme vinak

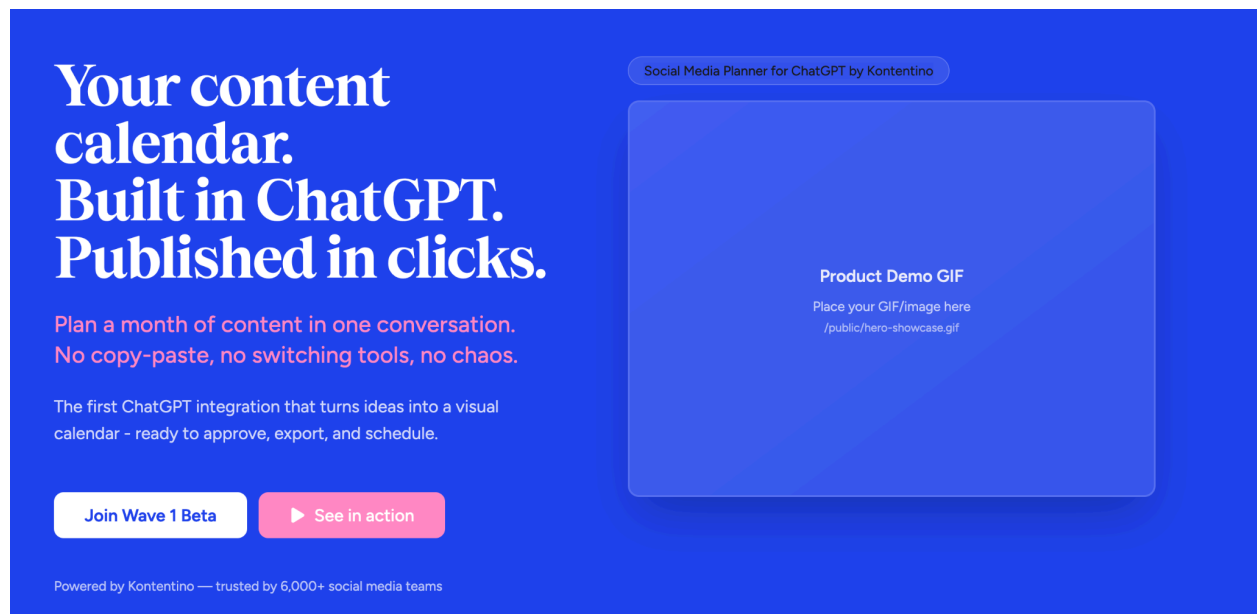

What you get as an early access member

- preco toto nespojit s "Why join Wave 1?" ? duplicita? Ready to get started? -> boxik aj form mi prijde duplicitny....

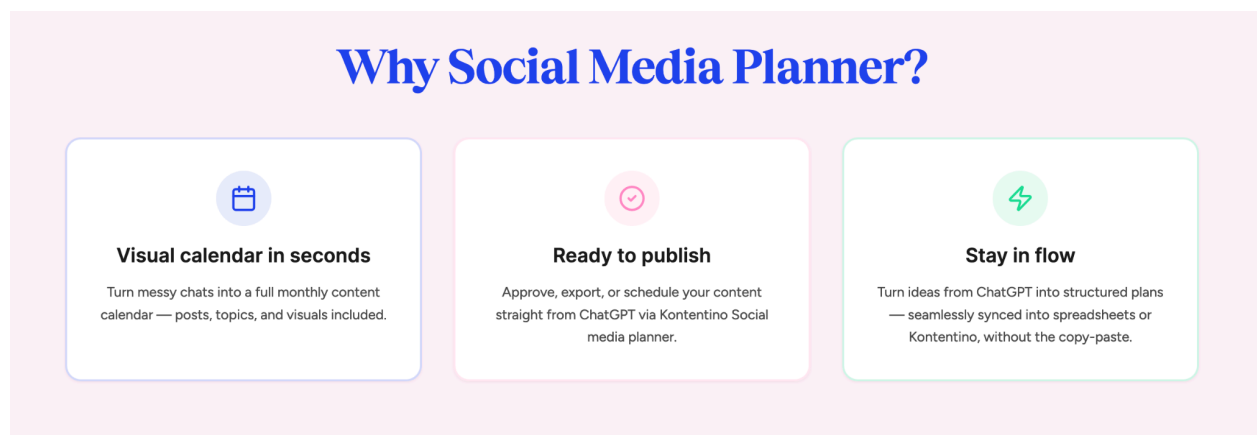

2 VERZIA PAGE:PROBLEM BOXIKY: // celkovo problem statement tu nesedi dobre. The problem isn't ChatGPT. Or your calendar. It's the annoying gap between them. /// toto mi prijde slabe. silnejsie mi prijde to co sa riesilo na slacku...

- viac sa mi to paci vo 1 verzii- paci sa mi From idea to published. In minutes, not hours.
- ale boxiky pod tym znova slabsie. zase to iuste....

Hero section tak ako si navrhol v Beta - komplet. Aj text, aj pozicionovanie problemu pod tym, aj nazov tlacitka "Join wave 1 Beta".

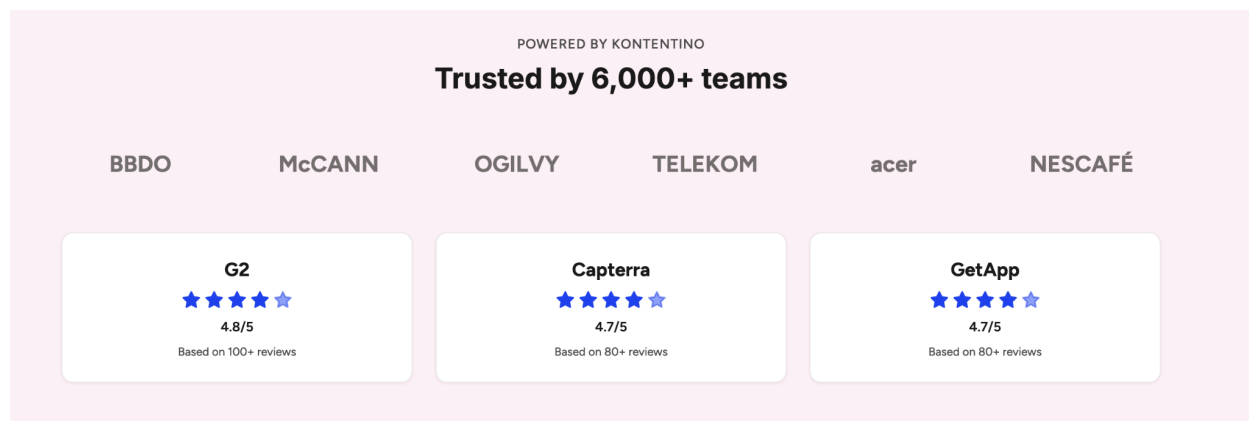

Dalej pod Hero dat **Why Social Media Planner?**

Doplnila by som tam (ja osobne, Marek nespominal tu konkretne) pod ten nazov : **From idea to published. In minutes, not hours.**

Dalej pod tym loga cast, ale loga realne, nie len napisane (pomozem s tym?)

(Cast doplnena o 3 problemoch prec, paci sa mu viac to Why Social media planner)

Pod tym cela cast **formular + Why join wave 1 Beta** ale s upravami :

- Mensi text "Be among the first to..."
- Prva cast je ten selling point pre Mareka- ze mas access v Europe jedine tu este skor, ako sa otvori Appstore (aby to spustilo tu chut sharovat svoj experience, mas pocit jedinecnosti-...). Takze to musi byt vyraznejsie /vacsie?
- Doplnit vetu **We're looking for people who love trying new workflows — innovative marketers, early adopters, and advanced AI users who want a smoother way to plan their content.**

(Pretoze budeme dalsie bloky mazat)

POd tym How SMP works s tym, ze je otazka, ci prva cast (Connect your brand) bude uz hotova, ked budeme chciet LP distribuovat. Ak nie, tak

1. **Turn your ChatGPT content into a visual calendar**
2. **Approve, refine**
3. **Publish**

(3-ti aktualny bod rozdeleny na 2)

Marek dalej navrhuje pridat videa k tym 3 boxikom

How Social Media Planner works

Teraz prichadza sporna cast, **Who is Social Media Planner for**

Najprv som myslela, ze to len upravme, ale v podstate vyzera, ze je to redundant cele ako sekcia. Takze to mozme **cele odstranit**.

Dalsia cast **What you get as an early access member** **cele odstranit**

Ready to get started? Formular - **cele odstranit (duplicita)**

(Have questions? Moze ostat samozrejme).
